## Rental Uniform

Emblems that are durable and comfortable, and can withstand as many hours in a garage, plant, or shop as you do. Logo and name emblems are a traditional part of any employee uniform - fully customizable to match industry trends and withstand the rigors of the industrial laundering process.

# TRENDING OPTIONS

## PENNEDGE® SUBLIMATED (IG)

IG is the Inkjet sublimated version of the embroidered PennEdge® emblem! The border uses the same sleek, mini-stitched technique. Match your specialty fabric with this cost-effective alternative!

## PENNBROIDERY® APPLIQUÉ

PennBroidery® Appliqué Emblems, also known as Hand Cut or Laser Cut, have a similar look and feel to embroidery with the ability to have more unique shapes and cut outs.

## COLORPRINT® SUBLIMATED

Dye Sublimated emblems are the perfect match for your highly detailed design. Using the sublimation process, designs are full color and the ideal photo finish image recreation.

## CUSTOM EMBROIDERED

Custom Embroidered Emblems are a timeless, reliable choice that withstands all wash conditions. They are available in any shape with a variety of color and backing options.

## PENNEDGE®

PennEdge® Embroidered Emblems give your brand the edge it needs to stand out while seamlessly blending in. Using actual shirt fabric, emblems are matched to produce a low profile appearance.

## REFLECTIVE

These durable reflective patches are made of Scotchlite™ by 3M, providing enhanced visibility to keep workers safe in dim light/darkness, fog/smoke or inclement weather.

## HIGH VISIBILITY

High Visibility emblems are made of fluorescent materials and threads that reflect more light than they absorb and are highly visible in daytime and low light conditions.

## PENNWEAVE® WOVEN

PennWeave® Woven Emblems are ideal for intricate designs, gradients, and small lettering. The smooth surface brings your artwork to life with precision stitching similar to embroidery.

## FLAME RESISTANT

FR Emblems have the look and feel of embroidered emblems but have the added protection and durability of 100% flame resistant fibers, combining safety with identification.
